

NO: MCD-120 **PRODUCT:** CE Marked Products
DATE: May 2015 **TYPE:** Modification Notice

CE Marked Products Modified to Meet Revised EU Directives

Effective Date: October to December 2015 production

Reason for change: To change the information on nameplate and included documents with a product to meet the revision of EU Directives:
EMC Directive (2014/30/EU)
Low Voltage Directive (2014/35/EU)

What Changes?

- Adding a manufacturer's address
- Describing included documents with a product in multiple European languages
- Clarifying an importer

OMRON will modify the design on the nameplate and included documents with a product to meet the revision of EU Directive. There will be **no change in functions and performance** on products and products can be continuously used when incorporated in machines and equipment.

These changes are required for products with CE Marking, for the purpose of enhancing information propagation of precautions and traceability to end users within Europe.

Cautions When Exporting to Europe

Products for distribution in Europe after April 20, 2016 will be subject to the regulations.

- Customers will not be able to **ship unmodified product by itself** (such as spare parts) to Europe after April 20, 2016.
- When customers **incorporate an unmodified product in machines or equipment**, they can continue to be used after April 20.

Products before the design modification which pass customs before April 20, 2016, submitted by OMRON or customers, can be continuously distributed within Europe after April 20.

Affected Parts

Photoelectric Sensors

E3C-LDA series	E3F1 series	E3FA series
E3FB series	E3FC series	E3FR series
E3FZ series	E3G series	E3H2 series

Models Excluded from the design modification

The following models are not subject to the design modification among the above-mentioned models.

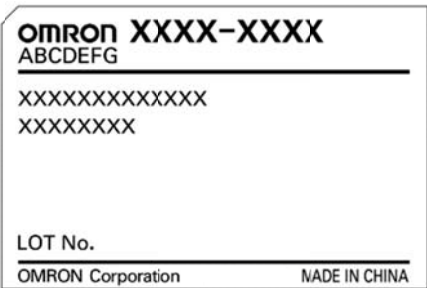

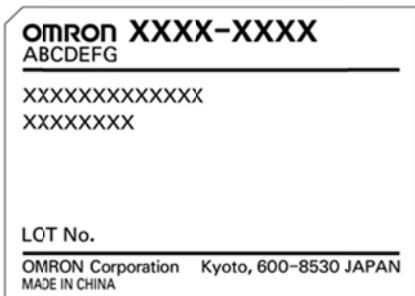

Product category: Vision Sensors / Machine Vision Systems

Reason of the exclusion:

- *1. Due to production discontinuance from October 2015
- *2. Due to production discontinuance from November 2015
- *3. Due to production discontinuance from March 2016

Detail of Differences

Before the change	After the change
<p>1. Address on a nameplate Address is not listed.</p> 	<p>1. Add the address of Omron Corporation, "Kyoto, 600-8530 Japan" on a nameplate (*1.)</p> 

Note:

- *1 Compact products without space to describe are excluded.
There will be no change with models that already have description of detailed address.

Before the change	After the change
<p>2. Information in included documents with a product (instruction manual, etc.)</p> <p>(1) Description of names of a manufacturer and an importer Omron Corporation Shiokoji, Horikawa, Shimogyo-ku, Kyoto, 600-8530 Japan Omron Europe B.V Wegalaan 67-69 NL-2132 JD Hoofddrop The Netherlands</p>	<p>2. Information in included documents with a product (instruction manuals, etc.) will change.</p> <p>(1) Stipulate that the company names are a manufacturer or an importer Omron Corporation (Manufacturer) Shiokoji, Horikawa, Shimogyo-ku, Kyoto, 600-8530 Japan Omron Europe B.V (Importer in EU) Wegalaan 67-69 NL-2132 JD Hoofddrop The Netherlands</p> <p>(2) Add the compliance information sheet (*2) Add "General Compliance Information and Instructions for EU" written in official languages in EU. It includes the contents in (1).</p>

Note:

*2. Depends on products, contents in (2) may not be added. And the size or number of sheets of the related documents, or size of individual packaging boxes subject to change.

Specifications in this product news are as of the issue date and are subject to change without notice. Only main changes in specifications are described in this document. Please be sure to read the relevant catalogs, datasheets, product specifications, instructions, and manuals for precautions and necessary information when using products.
